

Go NAPSACC

Self-Assessment Instrument

Date: _____

Your Name: _____

Child Care Program Name: _____

Screen Time

Go NAPSACC is based on a set of best practices that stem from the latest research and guidelines in the field. After completing this assessment, you will be able to see your program's strengths and areas for improvement, and use this information to plan healthy changes.

For this self-assessment, **screen time** includes any time spent watching shows or playing games (including active video games) on a screen. Screens can include televisions; desktop, laptop, or tablet computers; or smart phones. For children 2 years of age and older, screen time does not include teachers using e-books or tablet computers to read children stories, using Smart Boards for interactive instruction, or connecting with families through Skype or other videoconferencing programs.

Before you begin:

- ✓ Gather staff manuals, parent handbooks, and other documents that state your policies and guidelines about screen time.
- ✓ Recruit the help of key teachers and staff members who are familiar with day-to-day practices.

As you assess:

- ✓ Answer choices in parentheses () are for half-day programs. Full-day programs should use the answer choices without parentheses.
- ✓ Definitions of key words are marked by asterisks (*).
- ✓ Answer each question as best you can, thinking about your general practices. If none of the answer choices seem quite right, just pick the closest fit. If a question does not apply to your program, move to the next question.

Understanding your results:

- ✓ The answer choices in the right-hand column represent the best practice recommendations in this area. To interpret your results, compare your responses to these best practice recommendations. This will show you your strengths and the areas in which your program can improve.

Education & Professional Development

8. Teachers and staff receive professional development* on screen time:

- Never Less than 1 time per year 1 time per year 2 times per year or more

* Professional development can include taking in-person or online training for contact hours or continuing education credits. It can also include information presented at staff meetings.

9. Professional development for current staff on screen time has included the following topics:

See list and mark response below.

- Recommended amounts of screen time for young children
- Appropriate types of programming for young children
- Appropriate supervision and use of screen time in the classroom
- Communicating with families about healthy screen time habits
- Our program's policies on screen time

- None 1–2 topics 3–4 topics 5 topics

10. Families are offered education* on screen time:

- Never Less than 1 time per year 1 time per year 2 times per year or more

* Education can be offered through in-person educational sessions, brochures, tip sheets, or your program's newsletter, website, or bulletin boards.

11. Education for families on screen time includes the following topics:

See list and mark response below.

- Recommended amounts of screen time for young children
- Appropriate types of programming for young children
- Appropriate supervision and use of screen time by caregivers
- Our program's policies on screen time

- None 1 topic 2–3 topics 4 topics

Policy

12. Our written policy* on screen time includes the following topics:

See list and mark response below.

- Amount of screen time allowed
- Types of programming allowed
- Appropriate supervision and use of screen time in classrooms
- Not using screen time as a reward or to manage challenging behaviors
- Professional development on screen time
- Education for families on screen time

- No written policy or policy does not include these topics 1–2 topics 3–4 topics 5–6 topics

* A written policy can include any written guidelines about your program's operations or expectations for teachers, staff, children, and families. Policies can be included in parent handbooks, staff manuals, and other documents.
